## Digital communication

Dear Sir/Madam,

Nedlloyd Pension Fund is ready start communicating digitally with its pension scheme members. The introduction of our new website is a good opportunity to start this process.

### Receive your mail digitally

Starting from now, you will be able to receive your pension communication in a single digital folder – this is a personal folder you can access any time, anywhere. You will be notified by email of any new correspondence, and can then retrieve the information by logging onto *My NPF Pension* using your DigiD code.

What are the benefits?

- ✓ Convenience: all your pension information in one place.
- ✓ The pension information can only be accessed by you.
- ✓ Important information cannot get lost.

### Uniform Pension Overview (UPO) in *My NPF Pension*

We will start this new approach by placing the UPOs in *My NPF Pension*. You will still receive the UPO by regular mail this year, but have it sent to you digitally from next year onwards. The digital version of your annual statement will also become available as of next year.

Alternatively you can send us the attached reply card, including your email address and date of birth. If you do not live in the Netherlands, please use the following address: PO Box 1982, 3000 BZ Rotterdam, the Netherlands.

You can also sign up to our digital newsletter. This will enable us to keep you updated on pension fund developments quickly and easily. Please take a minute to register online, even if you have already done so on the previous website. Unfortunately we have not been able to migrate email addresses from the old website to the new version.

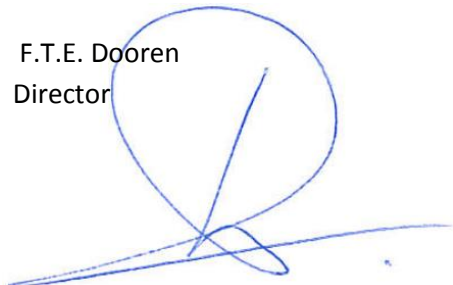

If you do not wish to receive your pension information digitally, please indicate this on the website or the attached reply card.

### **Your response**

We would appreciate your response by the end of July.

Sincerely,
